3. Trim top edge of designer paper with the Paper Cutter so it fits onto the card front leaving a small border around all edges as shown in the photo. Adhere to card front with SNAIL Adhesive. Adhere the long, narrow piece of River Rock card stock to the lower inside edge of card (leaving a small border around edges as shown) with SNAIL Adhesive. Be sure the decorative edge of the card front overlaps the River Rock strip completely when card is closed.
4. Stamp label image onto Very Vanilla card stock with River Rock ink and die cut with the coordinating Framelits Label Die. Sandwich will be the same as for the Edgelit.

5. Stamp the center section of the label image onto the remaining piece of River Rock card stock with River Rock ink. Position and stamp the sentiment with Black StazOn ink. Use paper snips to cut out the sentiment along the stamped lines all the way around it.
6. Attach the sentiment to the label with three dimensionals.
7. Wrap approximately 9 ½" of seam binding around the card front attaching both ends on the center of the card front with SNAIL Adhesive. Adhere label to the card front with two dimensionals (at top and bottom center). The label should cover the ribbon ends.
8. Tie a bow with the remaining ribbon and adhere with a glue dot. Trim ends.
9. Lightly spray card front with Shimmer Mist and let dry.

Your card is finished...Enjoy!
