Ribbon	---	19"

### Assembly Instructions:

1. Create bag from the Designer Series Paper using the Gift Bag Punch Board. See included step-by-step instructions or watch the video tutorial at [www.stampinup.com/catalog-videos](http://www.stampinup.com/catalog-videos).
2. Use Tear & Tape Adhesive or Fast Fuse to assemble the box.
3. Thread the ribbon through the holes. Hold both ends of the ribbon together and tie a knot on the inside of the box so it's hidden. Adjust to form two even handles. I used a glue dot above each hole on the outside of the gift bag to secure the handles in an upright position.
4. Stamp the wreath image onto the Whisper White card stock using Mossy Meadow ink. Watercolor the leaves and flowers using a Blender Pen and Mint Macaron and Rose Red ink.
5. Die-cut the wreath using the Wonderful Wreath Framelits.
6. Stamp sentiment on remaining Whisper White card stock using Mossy Meadow ink. Punch using the 2" Circle Punch.
7. Adhere medium pearls to the centers of the flowers.
8. Place Dimensionals on the back side of the die-cut wreath. Adhere the 2" circle so that the sentiment appears in the center of the wreath. Adhere wreath to bag using dimensionals. Tip: I used dimensionals cut in half on the back side of the wreath layer.
