So Saffron Designer Paper	---	2 1/2" x 1 15/16", 1/4" x 1 1/2"
Very Vanilla Card Stock	---	1 1/2" wide for Dotted Ribbon Scallop Border
Window Sheet	---	2 1/2" x 1 7/8"
Subtles Card Stock & DSP	---	scraps for punching flowers

Assembly Instructions:

(Video tutorial available at www.JillsInk.com ... type "Valentine Matchbox" in the search box, then click on the title of the post.)

1. Die cut the So Saffron card stock with Matchbox Die.
Sandwich in this order (bottom to top):
Extended Cutting Pad
Matchbox Die
Card Stock
Extended Premium Crease Pad
2. Emboss the designer paper with the Oval Designer Frame.
Sandwich in this order (bottom to top):
Multipurpose Platform (tab 1)
Cutting Pad
Designer Frame Embossing Folder with Card Stock Inside
Cutting Pad
3. Fold the die cut matchbox pieces along score lines with bone folder. Apply SNAIL adhesive to the inside of both long edges of the box bottom, then fold to form the box.
4. Apply SNAIL Adhesive to the scored section of the box cover that will be on top after assembling (the section adjacent to the 3/4" end section). Then adhere the embossed Designer Paper.
5. Fold the 3/4" tab on the box cover in half toward the right side of the box so that the Oval Punch will slide over the Oval Frame. Line up the punch just inside the embossed frame and punch window.
6. Attach window sheet to the inside of box cover (over the punched oval) with four glue dots.
7. Use SNAIL Adhesive to assemble the box cover.
8. Stamp "Happy Easter" sentiment on 1/4" strip of So Saffron Designer Paper with Early Espresso Ink.
9. Punch Scallop Ribbon Border from Very Vanilla card stock. Then adhere the sentiment to the scalloped border with Liquid Glue. Attach to the box with Glue Dots.

10. Punch the Itty Bitty Shapes Flowers from card stock and designer paper scraps. Layer two together for each finished flower with Glue Dots, add a medium sized pearl to the center of each and attach to box with Glue Dots.

Your box is finished and ready to fill with a small gift or candy... Enjoy!
