**Assembly Instructions:** (It's helpful to read through all instructions before beginning.)

1. Place the Smoky Slate card stock in the Envelope Punch Board so that the score lines are horizontal to the top edge with the smallest scored section closest to the punch. Position the left edge of the card stock at the 3 1/2" mark and punch.
2. Position the punched notch on the trimmer so that the inside rounded edge of the notch is aligned with the cutting track as shown in the picture. Cut the card stock from the bottom edge just to the notch.

3. Your card stock will look like this after cutting.

4. Fold along all score lines and apply Sticky Strip the sides of the notched pocket section and adhere.
5. Use the Night of Navy marker to ink only the words "you're the best" from the word bubble image in the Just Sayin' set. Position and stamp onto the large Whisper White card stock. Adhere to card front with SNAIL Adhesive.
6. Adhere the three 1" colored strips of card stock to the white layer with SNAIL Adhesive.
7. Use the Stamp-a-ma-jig to position and stamp the letters to spell out "Dad" onto 4 3/8" x 1 1/2" Whisper White card stock with Night of Navy ink. Use paper snips to cut flagged end on the right edge. Layer onto Old Olive card stock strip with SNAIL Adhesive, leaving a slight border around all edges. Use the white flagged edge as a guide to cut flagged edge in the Old Olive card stock. Adhere to the card front with Dimensionals.
8. Stamp the stars in Night of Navy and Old Olive inks. Fussy cut the stars using Paper Snips. Layer the small star to the large star with a Glue Dot. Use two Dimensionals layered together to adhere the stars to the left side of the "dad" banner.
9. Thread Linen Thread through the button holes and tie a knot. Adhere to the center of the stars with a Glue Dot.
10. Stamp sentiment onto 1 7/8" x 2 3/4" Whisper White card stock with Night of Navy ink. Round the two right edges with the Corner Punch. Adhere to the pocket with SNAIL Adhesive.

Your money holder is finished! You can also use the Envelope Punch Board to create a perfectly sized envelope for your card.
