Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Score the Designer Paper 1 1/4" from the edge of each long side as shown in template (dashed lines indicate score lines).
2. Turn and score 2 5/8" from the edge of each short side as shown in template.
3. Fold and crease all score lines with a bone folder. Cut flaps (indicated by solid lines on template).
4. Apply Sticky Strip as indicated by red marks on both sides of template.
5. Punch holes for the handles using the 1/8" Circle Punch. Thread 4" Taffeta Ribbon through holes on both sides of the bag so that the ends are on the inside (or "wrong side" of the patterned paper). Apply SNAIL Adhesive to the small strips of Wisteria Wonder card stock and adhere over the ends of the ribbon on the "wrong side" of the patterned paper. This will be the inside of the bag after assembled.
6. Remove the Sticky Strip backing on the center flaps and fold the sides of the box (without Sticky Strip) up and around the flaps to assemble the back side of the box (flaps on the inside).
7. Remove backing from Sticky Strip on remaining sides of box, fold sides up and match the top edges, then adhere to finish assembling the box.
8. Pinch the front and back corners of each side together, creasing the side inward to give it the look of a shopping bag.
9. Apply 1/8" strip of Sticky Sheet to the Taffeta Ribbon. Adhere along center of Satin Ribbon. Apply SNAIL Adhesive to back side of Satin Ribbon and adhere to the bag so that the raw edges meet where the stamped embellishment will be positioned.
10. Stamp image onto Whisper White card stock with Basic Black ink. Use Paper Snips to cut just outside the stamped image. Adhere to the punched postage stamp with SNAIL Adhesive.
11. Attach a Rhinestone to the center of the stamped flower.
12. Attach postage stamp embellishment over the raw ends of the ribbon with two Dimensionals.
