Sticky Strip #104294
Paper Snips #103579
Bone Folder #102300

Cutting Dimensions:

Basic Black Card Stock	---	3" x 11" score @ 3 1/4" & 7 1/2"
Pumpkin Pie Card Stock	---	1" x 11" score @ 5 1/2"
Designer Series Paper	---	3 1/4" x 2 3/4"
Whisper White Card Stock	---	1 7/8" x 3 1/4"

Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Adhere Designer Series Paper to the Basic Black card stock inside of the 3 1/2" scored section with SNAIL Adhesive.
2. Turn card stock over (to the inside) and use Word Window Punch to create a slot in the scored section on the opposite end of the Basic Black card stock. To get the slot large enough, push the card stock all the way inside the punch, match the far right edge of the card stock with the edge of the Word Window Punch. Then punch again, matching the far left edge of the card stock to the edge of the Word Window Punch.
3. Adhere Sticky Strip, just below the slot. Fold along score line. Remove Sticky Strip backing.
4. Slide a Chiclets pack inside the slot all the way to the folded score line. Line up edges and adhere the Sticky Strip to form the holder.
5. Fold the Pumpkin Pie card stock in half along score line and wrap around the Chiclets Holder to form a belly band. Use the Paper-Piercing Tool and Mat to punch a hole approximately 3/4" from end of belly band through both layers. Insert a Candy Dot Brad Base and secure. Adhere an Old Olive Candy Dot onto the Brad Base.
6. Create the flagged end on the belly band by snipping from the end of the belly band toward the brad approx. 1/2" deep. Then snip from each corner toward the center to create flagged edge.
7. Ink Halloween Happiness stamp with Pumpkin Pie ink. Remove ink from the stems and leaves on the stamp with a blender pen. Add Old Olive ink to the leaves & stems with the brush tip of the Old Olive marker. Add Basic Black ink to the wording with the brush tip of the Basic Black marker. Stamp image onto Whisper White card stock.
8. Round corners and adhere to the belly band with 3 Dimensionals.
