Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Begin with the 3 1/4" x 2" Whisper White card stock. Stamp the medium medallion image in Midnight Muse ink, leaving enough room to stamp the flower image as well.
2. Ink the flower stamp with Daffodil Delight ink, then use the brush tip of the Raspberry Ripple marker to color in the center portion of the stamp. Stamp image onto Whisper White card stock.
3. Punch the flower image using the 1" Circle Punch. Cut out the medallion image using the Paper Snips. Tip: cut-out images look nicer if you leave a slight white border around the image.
4. Stamp the sentiment onto the 3/4" x 3" Whisper White strip in Raspberry Ripple ink. Notch the right edge using the 1" Square Punch. Rub bone folder over back side of strip to curl a little.
5. Stamp large medallion image onto Lucky Limeade card stock in Lucky Limeade ink. Stamp the same image onto 2" x 2" Midnight Muse card stock in Midnight Muse ink.
6. Punch the center of the Midnight Muse medallion using the 1 3/8" Circle Punch.
7. Using the Stamp-a-ma-jig to help position images, stamp the small flower image across the card front approximately 1/2" from bottom edge in Midnight Muse ink.
8. Before adding adhesive, position the Lucky Limeade layer over the stamped flowers on the card base, so just the lower edge of the petals is showing. Place the Stamp-a-ma-jig mat over the stamped medallion image on the Lucky Limeade layer, matching edges. Position the Stamp-a-ma-jig, remove the mat and Lucky Limeade card stock and stamp the large medallion image in Midnight Muse ink onto card front.

9. Adhere the Lucky Limeade card stock to the card front with SNAIL Adhesive, lining up the two large medallion images.
10. Attach a glue dot on the back side of each end of the sentiment strip. Attach to card front one glue dot at a time to give it a slight curve.
11. Use SNAIL Adhesive to attach the midnight muse circle over the sentiment strip, matching the centers of the large medallion images.
12. Attach the medium sized medallion to the card front with Dimensionals. Layer the small Daffodil Delight flower over that with a Dimensional. Add a Rhinestone Jewel to the center of the flower.

Your card is finished...Enjoy!
