Bag Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Use Paper Snips to cut along the score lines of the 9" x 5"

Calypso Coral piece as shown in the top diagram. Cut out the 1/2" tab completely.

2. Fold along 1/2" tab score line and apply Sticky Strip to the tab. Remove backing and adhere to the opposite edge to form the box.

3. The seam will be the back side of your box. Do not fold the back flap along scored line. Fold the remaining three flaps down.

4. Fold along the 1/2" score lines in opposite directions to form a "z" on both small Calypso Coral pieces. Apply Sticky Strip to the outside edges of each folded tab. Adhere to the inside of the top edge of the box to form supports for the flowers, as shown in picture.

5. Adhere the Designer Paper to the flaps with SNAIL Adhesive.

6. Cut Old Olive card stock with Fringe Scissors to create grass. Adhere to the inside front edge of the box and supports with Glue Dots.

7. Use Paper Snips to cut slits in each petal of the Blossoms and curl using the bone folder.

8. Stamp centers of flowers with Daffodil Delight ink and punch using the 3/4" Circle Punch. Adhere to the center of each Whisper White blossom using a Dimensional.

9. Adhere a large pearl to the center of each Soft Sky Petite Petal Flower.

10. Attach each flower to the window sheet strips using Glue Dots. Then adhere to the supports inside the box with Glue Dots. One of the White Blossoms is adhered directly to the back flap with a Dimensional. **Tip: Be sure the flowers are spaced so that the folded card will fit inside the envelope when finished.**
11. Stamp the Birthday label with Pool Party ink onto Whisper White card stock, punch with the Artisan Label Punch, and adhere to the front flap with Dimensionals. Add a Soft Sky flower to the flap with a Glue Dot.
12. Stamp the Whisper White layer for the back of the box to decorate and write a message before adhering to the back side with SNAIL Adhesive.
13. The box folds flat for inserting into a medium envelope.
