Cutting Dimensions:

Basic Black Card Stock	---	5 1/4" x 3 1/4" (cut 2)
Copy Paper	---	" " "
Pumpkin Pie Card Stock	---	1/2" x 3"
Old Olive Card Stock	---	7/8" x 3"
Designer Series Paper	---	3/8" x 3"
Very Vanilla Card Stock	---	2 1/4" x 3"
Ribbon	---	14"

Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Layer one piece of Basic Black card stock and copy paper, then die-cut with the largest label from the Apothecary Accents Framelits. Be sure to use the Magnetic Platform with Framelits...it's so much easier!! Then die-cut remaining piece of Basic Black card stock.

Sandwich as follows(from bottom to top):
Magnetic Platform
Cutting Pad
Card Stock/Copy Paper
Framelit (with ridged cutting edge down)
Cutting Pad

2. Fold the copy paper in half to form a center mark and then unfold. Layer one Basic Black label under the copy paper label. Using the Scoring Tool, lay the labels so that one pointed side is against the guide on the left of the tool, while lining up the crease with one of the score lines. This will ensure that the label is straight up and down.
3. Determine where the label needs to be cut and scored depending on the size of the sucker you're using. I used Jolly Rancher Caramel Apple Lollipops, so I scored at the the 3" mark through both layers. Then score again at the 3 1/4" mark. Do the same for the remaining Basic Black label.

4. Cut along the 3 ¼" score line on both Basic Black labels. Layer the two larger remaining pieces together and punch two 1/8" circles approximately ½" from the pointed edge of the labels.
5. Fold along the score lines on each label. Use Sticky Strip to adhere the two labels together.
6. Ink the "trick or treat" stamp with the Old Olive ink pad, then use the brush tip of the Basic Black marker to add color to the center and edges of the stamp before stamping onto the Very Vanilla card stock. Punch image with the Label Bracket Punch.

Optional: If you'd like to add a little bling, use the Two-Way Glue Pen around the edges of the stamped label and then sprinkle with Orange Glitter. Let set to dry for a few minutes.

7. Adhere the Pumpkin Pie and Designer Paper strips to the Old Olive strip with SNAIL Adhesive. Then adhere to the center of the sucker holder. Trim sides even with the edges of the label.
8. Adhere the stamped image over the center of the strips with a Dimensional.
9. If the sucker you're using has a plastic cover larger than the label, trim the corners/sides so they don't show when inside the holder. Fold the holder over the sucker and thread ribbon through the holes and tie a bow to secure.

Your Halloween Treat is finished...Enjoy!!
