Snail Adhesive #104332
Glue Dots #103683
Dimensionals #104430
Liquid Glue #110755

Cutting Dimensions:

Soft Sky Card Stock	---	5 3/8" x 8 1/2"
Whisper White Card Stock	---	4 5/8" x 5 1/8"
		4 1/2" x 2 1/2"
Silver Glimmer Paper	---	1/8" x 5 3/8"
		2" x 6"

Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Stamp two snowflakes onto the small piece of Whisper White card stock using Soft Sky ink.
2. Stamp the sentiment for the inside of the card onto the square layer of Whisper White card stock with Basic Gray ink. Be sure to stamp sentiment so the liner fits inside the card in the correct position.
3. Die-cut snowflakes using the Festive Flurry Framelits. Die-cut 2 labels from the Silver Glimmer Paper using the Label thinlit (included in the Label Card Thinlits). You can die-cut both the snowflake and the label at once.

Sandwich as follows(from bottom to top):
Magnetic Platform
Cutting Pad
Card Stock/Silver Glimmer Paper
Framelit (with ridged cutting edge down)
Cutting Pad

4. Die-cut the Label Card from the Soft Sky card stock. Slide the card stock inside the thinlits as shown in photo above to create the extended flap. Only roll half-way through the Big Shot to cut and score just the label side of the card. Then roll it in reverse and remove from Big Shot. Sandwich the same as above.

5. Use Bone Folder to crease along score lines. With flip card folded, set onto Scoring Tool and score along the 4 1/4" line. Crease along score line with Bone Folder.
6. Emboss this extended flap section with Northern Flurry Embossing Folder, making sure the raised image will be on the outside of the folded card.

Sandwich as follows(from bottom to top):
Cutting Platform on Tab 1
Cutting Pad
Embossing Folder with extended section inside
the remaining portion of the card can be left outside of the cutting pads.)
Cutting Pad

7. Score at 2 3/8" down the center of the inside card liner. Adhere the liner to the inside of the extended flap with SNAIL Adhesive. Adhere the left half of the liner first, then fold the card flap over the remaining half and adhere while it's folded.
8. Adhere the 1/8" strip of Silver Glimmer Paper to the left edge of card front with Liquid Glue.
9. Stamp the sentiment in the lower left of the card front with Basic Gray ink.
10. Adhere Silver Glimmer labels to both sides of the Flip Card Label with SNAIL Adhesive.
11. Adhere the Snowflakes to the center of the Silver Glimmer Labels with one dimensional each. Add a Glue dot to the Dimensional before adhering to the Glimmer Paper label, so that it will stick.
12. Adhere the Frosted Finished Embellishment to the snowflake on the card front with a Dimensional.
13. Add Rhinestone Jewels to the center of the three embossed snowflakes.

Your Flip Card is finished...Enjoy!!
