Accessories: Fun Flowers Die #121812
Big Shot Die-Cutting Machine #113439
Brights Designer Buttons #119747
Subtles Designer Buttons #119745
Bone Folder #102300
Dimensionals #104430
4" Paper Clips (non-Stampin' Up!)
White Crochet Thread (non-Stampin' Up!)
Hot Glue Gun (non-Stampin' Up!)
Pop-Up Glue Dots (retired)

Cutting Dimensions:

Designer Series Paper	---	3 x 3" (for larger die cut flower)
Designer Series Paper	---	2 ½ x 2 ½" (for small die cut flower)
Card Stock	---	Scrap to punch with 1" Circle Punch
Crochet Thread	---	Approximately 6-7"

Assembly Instructions:

1. Place cutting pad down first, then set Fun Flowers die on top of it. Place 3 x 3" square of Designer Paper over the medium sized flower on the die and the 2 ½" x 2 ½" square of coordinating Designer Paper over the small sized flower on the die. Place the remaining cutting pad on top and run sandwich through the Big Shot.
2. After die cutting flowers, distress petals by running the bone folder back and forth in your hand over each petal until they begin to curl.
3. Thread crochet thread through the button holes and tie into a bow, trim ends.
4. Layer flowers together with a dimensional, then attach button to flowers with another dimensional.
5. Punch 1" Circle out of coordinating card stock.
6. Use hot glue gun to apply glue to back of flower and adhere the paper clip to the flower on the end that won't clip onto the book page. Add a little more glue before backing with the 1" Circle. Center flower and circle backing before glue cools. (Pop-Up Glue Dots can be used instead of hot glue.)
