 Bone Folder #102300  
 Paper Snips #103579  
 White copy paper (non-Stampin' Up!)

### Cutting Dimensions:

Basic Black Card Stock	---	9 3/4" x 4 1/4" score at 5 1/2"
		1 1/4" Scallop Circle
		1/2" Circle
Whisper White Card Stock	---	5 1/4" x 4"
		2 7/8" x 2 7/8"
Designer Paper	---	4" x 4" scored @ 1 7/8" (diagonally all four corners)
Summer Starfruit Card Stock	---	1 1/4" x 1 3/4" (cut 4) + scrap
Ribbon	---	8"
Linen Thread	---	4 1/2"
White Copy Paper	---	1 1/4" x 1 1/4"

### Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Place Basic Black card stock (9 3/4" x 4 1/4") onto the Simply Scored Diagonal Plate so that the 9 3/4" edge is at the top edge of the Scoring Plate and the smaller scored section is lined up along the left edge of the Scoring Plate. Score diagonally at 2 1/8". Flip card stock to the back side and score at 2 1/8" again. This piece is the card base.
2. Mark the center point of the smaller scored section of the card at 2 1/8" with a small pencil mark. Use the Paper Trimmer to cut at 2 1/8" diagonally at the top of the card to create a point.
3. Fold along all score lines, creasing with a Bone Folder.

4. For the tassel: Fold the stitched satin ribbon in half and then tie an overhand knot very close to the folded end. Cut along one edge of the satin ribbon between the first white stitched line and the outside edge all the way up to the knot. Snip this narrow edge off at the top. Begin pulling the strands of the ribbon apart until it no longer frays. Trim the opposite edge off at the top near the knot. Do this for both tails of ribbon.
5. Use the Paper-Piercing Tool to pierce the center of the ½" Basic Black Circle and insert brad. Position the top folded edge of the ribbon in the center of the small diagonal square on the card base. Use Paper-Piercing Tool to pierce through the center point of the small diagonal square on the card base. While holding into place, insert the brad and ½" basic black card stock circle and attach to the card base.
6. Adhere the Whisper White card stock square to the smaller scored section of the Basic Black card base with SNAIL Adhesive (leave approx. 1/8" black border around all edges).
7. Score the Designer Paper at 1 7/8" diagonally on all four sides with the Simply Scored Diagonal Plate. Snip the four small triangles formed by the score lines using Paper Snips.
8. Fold designer paper along score lines, adhere three flaps with Liquid Glue to form a square envelope. Fold the remaining flap toward the back side of the envelope and adhere the flap with SNAIL Adhesive. Adhere the Envelope to the small Whisper White square with SNAIL Adhesive.
9. Stamp "congratulations" circle image onto scrap of Summer Starfruit card stock and punch out using the 1" Circle Punch. Layer onto the 1 ¼" Basic Black Scallop Circle with a Glue Dot. Layer onto the front of mini envelope with two Glue Dots.
10. Rub the bone folder over the copy paper until it begins to curl, then roll into small diploma and tie with Linen Thread. Adhere to center of the scalloped circle with Glue Dots.
11. Use pencil to mark the 2" center point of one end of the Whisper White card stock (5 ¼" x 4"), and then mark the two side edges at 2" as well. Use the Paper Trimmer to cut diagonally to create a point.
12. Stamp "happy graduation" sentiment in Black StazOn at the top edge of the Whisper White layer, be sure to leave room to sign the card so it doesn't show when the card is closed.
13. To create the striped edge, trim 1/8" off the bottom edge of the Whisper White card stock twice, then trim ½" from the bottom edge. Discard one of the 1/8" strips.
14. Adhere the large pointed white layer to the inside of the Basic Black card base with SNAIL Adhesive, leaving a 1/8" Basic Black border at both sides and upper edge. Use Liquid Glue to adhere 1/8" Whisper White card stock strip below the first Whisper White layer leaving approx. 1/16" space between the two. Then adhere the ½" strip below that with SNAIL Adhesive.
15. Die-cut the numbers from Summer Starfruit card stock using the Big Shot Die-Cutting Machine and Typeset Alphabet Bigz Dies. Sandwich as follows (from bottom to top):

Cutting Pad  
 Die  
 Card Stock (position over desired numbers)  
 Cutting Pad

16. Adhere the numbers to the card with Liquid Glue.

Your card is finished...Enjoy!
