Mailing Labels (non-Stampin' Up!)

Glue Dots #103683  
Snail Adhesive #104332  
Aqua Painter #103954

### Cutting Dimensions:

Frightful Sight DSP	---	3 x 5" (cut two)
Watercolor Paper	---	3 1/2" (for 2 1/2" Circle Punch)
Old Olive Card Stock	---	4 3/4 x 3 1/8" (score @ 1" on all sides)
Ribbons	---	6" each

### Assembly Instructions:

1. Lay both pieces of designer paper over the larger tag on the die (right sides down) and die cut.
2. Score 1 1/4" from bottom edge of each die cut tag and fold in toward the wrong side of the DSP along score line.
3. Apply SNAIL Adhesive to the wrong side of the 1 1/4" folded section of one of the tags. Fit this and the remaining tag together so both 1 1/4" folded sections overlap. This will wrap around the box, so the patterns on both sides should match.
4. Fold the Old Olive card stock along score lines. Cut four flaps along score lines as indicated by the solid black lines on the template.
5. Apply SNAIL Adhesive to the flaps (bottom side of box) as indicated on the template. Then fold flaps up toward the inside and adhere to the long inside edges of the box.
6. Apply SNAIL Adhesive to the inside 1 1/4" bottom section of wrap and position the box inside.
7. Stamp image with StazOn ink onto Watercolor Paper. Use Stamp-a-Ma-Jig to position and stamp wording just below the image using StazOn ink.

8. Outline sections of the image with desired markers and then blend the marker ink toward the center of each section to achieve the blended look you desire.
9. Punch image with the 2 ½" Circle Punch.
10. Sponge edges of circle with Old Olive ink.
11. Adhere to front of treat holder using Glue Dots, Sticky Strip or Dimensionals.
12. Stamp 1 x 2 5/8" mailing labels and wrap around Hershey Nuggets. Holds 4 nuggets.
13. Thread both ribbons through the holes at the top of the treat holder and tie into a knot. Trim ends.

Your treat holder is finished...Enjoy!
