Dimensionals #104430

## Cutting Dimensions:

Daffodil Delight Card Stock	---	4 3/4" x 3" (cut 2)
		2 7/8" x 6 3/4"
		5/8" x 7"
Designer Paper	---	4 3/4" x 3" (cut 2)
		3/8" x 7"
Whisper White Card Stock	---	3 3/4" x 2 3/4"
Baker's Twine	---	5"

## Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Use the Big Shot to die-cut both large pieces of Daffodil Delight Card Stock & Designer Series Paper using the largest tag on the Two Tags Die. Do not die-cut more than two layers of card stock or designer paper at one time (since every Big Shot is calibrated differently, test this on yours to make sure it doesn't cut all the way through along score lines on the tag.)  
Sandwich as follows: (from bottom to top)  
Cutting Pad  
Die  
Card Stock or DSP (can die-cut 2 at a time)  
Cutting Pad
2. Fold along all scored lines with a bone folder.
3. Adhere the Polka Dot DSP Tags to the card stock tags with SNAIL Adhesive, making sure not to put adhesive over the slit at the top of the tags. Leave them open so it's easier to insert the handle later.
4. Score along both long edges of 2 7/8" x 6 3/4" Daffodil Delight Card Stock at 1/2". Turn and score along both short edges at 2" (See Template above). Cut along solid black lines as shown in template. Fold along score lines with bone folder.
5. Apply Sticky Strip onto flaps as indicated by red marks on template.
6. Remove sticky strip backing on the two small pieces on the center flaps. And adhere to side flaps one side at a time to create box.
7. Remove remaining Sticky Strip backing and adhere the tags to the outside of the box. It's easier to begin positioning the lower ends of the tags over the box bottom and then fold up the sides.
8. Adhere the narrow strip of DSP to the handle with SNAIL Adhesive. Break down the fibers a little by running the bone folder along the strip. Slide the handle one end at a time into the slits and use 1/16" Circle Punch to punch a hole through all layers. Insert a brad.
9. Stamp flower image onto Whisper White Card Stock with Daffodil Delight ink. Punch with Blossom Punch.
10. Thread Baker's Twine through the button holes and tie a knot. Attach a button to the center of the flower with a Glue Dot.
11. Attach the flower to the basket with a Dimensional. Your basket is finished!
