Sticky Strip #104294  
SNAIL Adhesive #104332  
Dimensionals #104430  
Glue Dots #103683  
Fast Fuse Adhesive #129026

### Cutting Dimensions:

Designer Series Paper --- 8" x 8" (Cut 2) Score @ ½", 1 ½" & 2 ½"  
rotate and score at 1 ½" & 7"  
Whisper White C.S. --- 4" x 4"  
Ribbon --- 4"

If using designer paper with a directional pattern, be sure to score both pieces in the same direction so the cuff matches when finished.

Assembly Instructions: (It's helpful to read through all instructions before beginning.)

1. Punch scalloped edge along the side with the 1" scored section (at bottom edge of picture) on both pieces of Designer Paper.
2. Fold along all scored lines with a Bone Folder. Cut flaps as pictured.
3. Fold the scalloped edge over the outside of the bag to form the cuff and secure with SNAIL Adhesive. Tip: try not to put adhesive over the score lines, it will fold easier.
4. Apply adhesive (either Fast Fuse or Sticky Strip) along one ½" section on the outside of one of the bag pieces. Adhere this to the unscored section of the other bag piece (right side to wrong side) matching the top scalloped edges and side edges. Apply adhesive to the ½" flap of the other bag piece and adhere the same way.
5. Fold the two side flaps and one long flap to the inside of the bag. Apply Adhesive (either Fast Fuse or Sticky Strip) to the remaining long flap. Fold to secure. Tip: You can add some chip board to the inside of the bag if filling with heavier items.
6. Stamp the image onto the Whisper White card stock with Pool Party ink.
7. Die-cut the image using the Big Shot. Sandwich as follows (from bottom to top):

Magnetic Platform  
Cutting Pad  
Card Stock  
Framelits  
Cutting Pad

8. Adhere the die-cut starburst to the Doilie with three Dimensionals. Adhere a Rhinestone to the starburst image. Tie a knot into the ribbon and adhere with a Glue Dot.
9. Adhere the finished decoration to the front of the bag with three Dimensionals.
